* A professional is someone whose primary employment is being paid to perform or work in the performing arts. For the present purposes, being a student constitutes “primary employment” and therefore is not seen as a Professional. For the Student who receives payment for participation, either teaching or performing, this should not impose professional status on a person if it is by way only of an occasional bonus or benefit rather than their principal means of earning a livelihood. The exception to this is a participating teacher who may perform.

** As some Societies split their dance genres and run large Competitions with different Judges and/or at different times of the year, they will be able to nominate more than one group to represent their Society.

** If a Society has 30 or more entries in the Troupe/Group Nomination section, then they are entitled to offer a second Nomination.-
